## Contractors

Contractors are the backbone of the American construction industry, and with that distinction come unique risks. At Hanover Risk Solutions we know that for contractors, worker safety is a top priority, but it's not the only challenge: motor vehicle accidents, contract disputes, security at the jobsite, good housekeeping and equipment protection create challenges unique to the contracting industry.

With those challenges in mind, our team of professionals and customized programs are available to help assess your needs, assist in worker training and provide the guidance and tools you need to address your challenges on your own.

## Risk Solutions Partners

---

Hanover has partnered with other expert safety professionals to provide our customers with discounted solutions to costly problems. Among the offerings you may find these especially helpful:

- [Wireless and battery operated alarm systems and monitoring to deliver priority response and result in low false alarms and high apprehensions from Videofied using wireless and cellular technology.](#)
- [NER](#), a national equipment registration database provides a searchable resource for law enforcement to help recover stolen equipment; includes IRONcheck, a pre-purchase screening service for used equipment.
- [Driver monitoring and other training services are also available with Driver's Alert](#), including the well-known, "How's My Driving" program that monitors driving 24/7/365.
- [Quality online safety training from PureSafety](#), with one of the most comprehensive safety training catalogs on the web with over 300 easy-to-use courses.

Visit [Risk Solutions Partners](#) for more information.

## Education and Training

---

Hanover Risk Solutions consultants can provide on-site training for our insureds; [contact your local Risk Solutions Director](#) for more information.

- [OSHA Focus Four Training](#)

### [OSHA Video Training](#)

- [OSHA Susan Harwood Grant Products by Topic](#)
- The Hanover Driver Safety Advantage Program offers seven free driver training courses through a national provider of online training, available to your employees wherever they may be.

Several of our Hanover Risk Solutions Partners also provide education videos and safety training. Visit [Risk Solutions Partners](#) to register as a policyholder and access information on this discounted—and sometimes free—information.
